WESTSIDE HARLEQUINS RUGBY FOOTBALL CLUB

On behalf of the *Westside Harlequins Rugby Club*, I would like to welcome my fellow Rugby Players, Family, and Friends to the 13th Annual Lakefront 7's Rugby Tournament.

Today's event promises to be one of the most exciting and diverse tournaments we have conducted to date. This year we welcome the inclusion of two new divisions to Lakefront Seven's, the women's and high school divisions. Both the Milwaukee Maidens Rugby Club and the Wisconsin Boys High School Tournament's will take place in partnership with Lakefront Seven's. It is inspiring to have these two new divisions this year, and illustrates that the sport of Rugby has clearly taken hold in the United States among people of different ages, races, and gender.

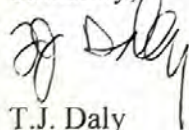

High caliber Rugby will be played on all the tournament pitches by teams travelling from the East Coast, West Coast -- and everywhere in between. Tournament play will commence for the Men's and Women's divisions at 9:00am on the five pitches along the lakefront with high school play commencing at 11:30 am on pitch "B."

The "A" pitch is located at the North Gate entrance of Summerfest with the other 3 Men's pitches located at McKinley Marina. The Women's tournament matches will be held at the old Milwaukee Gun Club location on the north-end of the lakefront. Shuttle buses will be available all day to transport players and spectators from each venue as well as any other individuals requiring special assistance.

In closing, I would like to thank and acknowledge our sponsors, Coca-Cola Bottling Company, Miller Brands, Miller Brewing Company, and Milwaukee World Festivals, Inc. for their generous support of this year's tournament. But more importantly, I would like to thank all the teams that have attended past and present, and the fans who cheer them on, without whom this tournament would not be possible. Thank you for your favorable support.

On behalf of the Westside Harlequins, I welcome you to the 13th annual Lakefront Seven's Tournament and hope you are looking forward to an exciting day filled with healthy competition and generous camaraderie. Enjoy the tournament, enjoy Summerfest, and have a safe and sporting weekend!

Sincerely,

T.J. Daly

President

A LOOK BACK AT TWENTY YEARS OF RUGBY

By Joe Kloiber

The coming together of Joe Hegarty, Joe McCook, Tom Drysdale, Duff Hensley, Zip Zimmerman, and Joe Kloiber at the same spot is about as likely as winning the Lottery. But in the fall of 1975, the Harlequins were born at Derry's Pub. For many, the start was very traumatic, as beer drinkers thought they could become rugby players overnight.

The Harlequins were truly a west side club, first games being played on the field next to the cemetery near Derry's, then settling at Rainbow park on 116th St. for many years. A long stint at Urban Park where the 7's tournament is played was ended when the city gave exclusive use of the field to a soccer club.

During the 20-year history of the Harlequins, there were many honors for the club. They twice reached the semi-finals of the Midwest Tournament, were Midwest Junior Cup champions, and won or placed in several other tournaments, including the Cherry Pit in Traverse City, MI, the Milwaukee Rugby Club's Labor Day tourney, the Pigfest 10's in Oshkosh, Stevens Point's Arctic Fest, Green Bay's Claude Allouez tournament, and the Appleton 7's.

Many Harlequins have played for the Midwest Select side, including Joe McCook, Mike Landry, Joe Landry, David Brienzo and Bill Chung. These and several others have been members of the Wisconsin Select side over the years. Some who were totally ignorant regarding the game of rugby before joining the Harlequins went on to excel in their new sport.

Rugby.

GO QUINS!

Rugby has led the Harlequins far from home many times in 20 years. Tournaments have taken them to Canada, Colorado and St. Louis. Tours to Britain in '77, '81, '89, and '91 have led to many friendships in Wales, Ireland, Scotland, and England. The club has also hosted teams from those countries as well as South Africa and Mexico. Swansea University coach Stan Addicott came for a 2-week coaching session and brought his team back on tour the following year. A visit from the Bedlinog, Wales club is on tap for 1996, and talk has it that the Harlequins will definitely travel to Wales for the World Cup in 1999.

Tragedy, in the loss of Patty and David Brienzo and Dean Olson, has not passed completely by the club, but good memories of these Harlequins are treasured.

There has been a fair share of good times since that first party after the first game. For many years the club's family pig roast picnic was a much anticipated event. Before the 7's tournament, a Corn Roast and raffle was a major fund raiser. "Give Blood, Play Rugby" was more than just a slogan, as the club sponsored a blood drive for a number of years. They were even part of the annual St. Patrick's Day parade down Mitchell St. one of the early years of their history. Joe McCook nailed three shoes to a plank, and they had to walk in unison or fall flat in the street. Youngsters in Harlequin sweaters tossed candy as they rode in a wagon pulled by Brienzo's Great Pyranes dog.

The Westside Harlequins have always been a "family" club, encouraging girlfriends, spouses, children and parents to attend their games and join in their celebrations. It's not unusual to see strollers or playpens on the sidelines, and couples showers for newlyweds and newborns are common. The women even have regular meetings of the B.O.A.R.D.

The club's annual banquet, held between the spring and fall seasons, is a night to dress to the nines and honor those whose contributions have made the club strong and kept it alive. Somewhere there is a plaque with 20 years of names on it, if we could only find it. It wouldn't matter if it was never found, though. Those who made the history will always carry a little bit of the emerald and amber with them, even after moving on to other clubs and other towns. We're hoping most of them make it back to the reunion on September 9th this year. It's always great to see your family again.

The Forwards

There are eight of these, and they take part in scrums, line-outs, and all those disorganised-looking pile-ups in which each team tries to win the ball. The close physical contact with each other engenders a sense of community not shared by the backfield players, who are often regarded as some sort of effete snobs. With the changing strategy of the game, however, forwards are being released from their role as toilers for the backs, and are to be seen more and more with the ball in their hands, running and THINKING.

Props 1 & 3, Hooker 2.

With the hooker between them they form the front row of the scrum and are the foundation of a good team. Unfortunately, they are a much maligned trio on account of their sometimes frightening ugliness. Handsome props are not unknown, but the classic type is distinguished by having no neck and a face like Piltown man. Standing 5'9" and weighing 240 lbs, such men appear to be born (or hewn) at the age of thirty and remain at the same age for fifteen years, when they grow old overnight and retire from the game. Hookers are usually shorter, quite bald and toothless, with arms hanging ape-like at the sides.

IN A "SPORTING" EMBRACE

Second Row 4 & 5

The powerhouse pair, usually the tallest and heaviest men in the team, were once recognisable by the inevitably cauliflower ears, but the fashion for wearing scrum caps or tape around the head has reduced the incidence of this feature. In the scrum they are

usually hidden in a cloud of steam, but they are prominent in the line-out as they soar to catch the ball.

**Flank Forwards 6 & 7,
Number 8**

Together they form the "back row" of the scrum, which performs a function like the US Cavalry or Marine Corps in a game — always first to the action with dash and élan. Actually, flank forwards are backfield players in disguise, for they have only a tenuous connection with the scrum and in modern rugby their role is a glamorous one, for though their errors are hard to detect, everybody sees their brilliant contributions.

The Backs

In "Tom Brown's Schooldays" when the game was played with about fifty or sixty on a team, these were the "dodgers" as opposed to the "chargers." Their primary purpose still is to do brilliant things with the ball once the forwards have provided it.

Half Backs 9 & 10

The scrum half is often a diminutive man of great courage who follows at the heels of the forwards like a terrier, throwing the ball out when they produce it. He is as vital as the quarterback and comes in for much hostile attention. His partner, the stand-off half, must know him like a blood brother and be able to catch anything he throws to him, before opening out the game by running or kicking. English stand-offs are usually tall and elegant. Welshmen small, dark and elusive, whilst the French

"demi d'ouverture" is
spectacularly brilliant (except
on wet days).

Three-Quarters 11, 12, 13, 14

Centers in the middle, wings
on the ends, this quartet
swings the ball laterally down
the line on power plays,
providing one of the great
thrills of the game. These
