**Director of
Events**

Katie Wurst

On behalf of the Wisconsin Rugby Football Union, I am especially pleased to welcome the participants of the 22nd annual Lakefront 7's Rugby tournament hosted by the Milwaukee Westside Harlequins. This year's tournament has once again been named one of the premier Midwest 7's qualifying competitions. This year includes a twelve team men's and eight team women's Midwest competitive division. A winning performance at this venue will help those clubs in the quest for the Midwest Rugby Football Union 7's championship.

In addition to the Midwest qualifying division, there is a twenty four team men's open division and an eight team high school 7's division. Athletes from all levels of play will be featured at this event. This tournament has long held a reputation for featuring the best rugby talent in the Midwest. Make sure to take notice that it is not uncommon to view current and future US National team members at this event.

In addition to the on-field action, this tournament is held in conjunction with Summerfest. The festival grounds are located approximately one mile from scenic Lake Park East which acts as the host site of the Lakefront 7's tournament. This festival features thirteen stages offering live music all day and night, food, shopping, and children's activities. I encourage all tournament participants to experience what this festival has to offer at the conclusion of the Lakefront 7's championships. The on-field action of these final contests will feature a high level of competitive excitement.

Please accept my best wishes for a successful and competitive tournament. In the spirit of the game, we encourage you to strive for excellence, set new standards, display good sportsmanship, and most importantly, enjoy yourselves. The enjoyment and friendships gained from this event may be the most important achievement as these will endure long after the results are finalized.

Sincerely,

Tom Schmitt
President, Wisconsin Rugby Football Union
BOD, USA Rugby

TOURNAMENT RULES

1. All matches will be played at three Lake Park East Fields. Captains meeting will be at **7 a.m.** Games start at **8 a.m.** Matches will consist of two 7-minute halves and a 2-minute halftime. In case of a tie, sudden death will determine the winner. Bracket winners move on to the finals. Most points and tries scored will be additional tiebreakers if needed. Matches will be every 20 minutes, i.e. 8:00, 8:20, 8:40 etc. Teams more than 2 minutes late will forfeit the match. There are a lot of games to be played and we must run on time. The old "not ready" or "rugby time" will not be acceptable!

2. Teams in the Men's Midwest Qualifier will be split into groups of four and play a round robin within their group. The top team in each group will advance to the finals, along with the highest finishing 2nd place team. Teams will be re-seeded for the finals following round robin play. The Men's Open Division will be run on a Hong Kong format. Three teams per group with each team advancing to the Cup, Bowl and Plate finals. The Women's Midwest Qualifier and Boys' High School Divisions will have two four-team groups and play round robin within their group. The top two teams in each women's group will advance to the semi-finals. The top team in each group of the high school division will advance to the final.

3. Please do not change kit out in the open, as it is imperative that we maintain good relations with the people that are giving us the use of these fields. Rest rooms are available, so use them.

4. Each team must submit a roster/waiver form to the tournament director. Joe Kloiber and Joe Schuster will be monitoring events at the field. Rosters to include CIPP numbers must be turned in prior to the team's first match. All roster players must have CIPP cards. A player may play for only one team. Use of a non-roster player will result in the forfeit of that match. A player sent off during a match for any reason will be considered OUT of the tournament.

5. Beer will NOT be sold at the field.

6. We hope you enjoy the tournament and will return next year. Comments, suggestions and criticisms are welcome as we always try to improve.

7. NOTE: The 23rd Annual Lakefront 7's will be held July 9th, 2005. Don't be left out of this one. Get your entry in early.

See insert for updated schedule.

BRIEF OVERVIEW OF SEVENS RUGBY

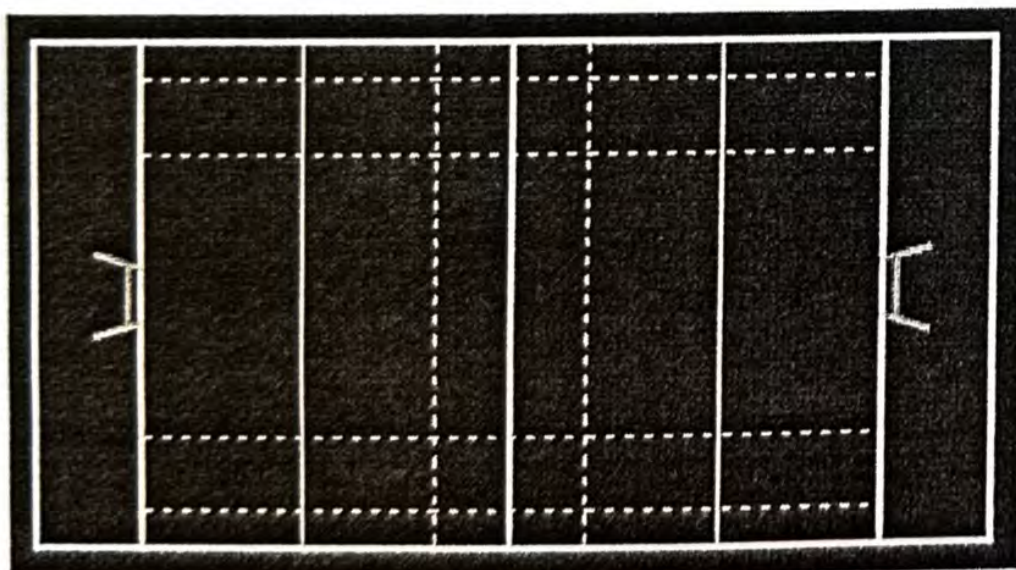

Sevens is typically played only during tournaments, such as the Lakefront Sevens Tournament. A sevens match consists of two seven minute halves and is a much faster game than fifteens due to the smaller number of players on a standard sized pitch providing ample running space. The players on a sevens team are as follows:

FORWARDS	BACKS
#1 Prop	#4 Scrumhalf
#2 Hooker	#5 Flyhalf
#3 Prop	#6 Center
	#7 Wing

The same general game principles are used except tactics are quite different. Scrums feature only opposing front rows. Rucks and mauls are very fast and small, with defense and tackling of paramount importance to reduce the many opportunities for breaks. One major difference from fifteens is that after a penalty goal or try is scored, the ball is kicked to the non-scoring team from the 50 metre line to restart play.

THE PLAYING FIELD

The field that rugby is played on is called a pitch. The pitch is expected to be 100 metres long by 69 metres wide. The sidelines are called touchlines and there are two in-goal areas which are expected to be 10 to 22 metres deep with a tryline marking the front and a dead ball line at the back. The goal posts are located on the try line and are 5.6 metres apart with a crossbar set at 3 metres. The height of the posts varies according to the club's wishes.

Other important lines on the pitch include the half way mark at 50 metres. A dashed 10 metre line set each side of the the 50 metre line which is used to judge kickoffs and a solid 22 metre line marked 22 metres from each tryline. Other lines include two dashed lines set at 5 and 15 metres marked parallel to each touchline. These lines are used mostly to identify the zones for lineouts.

HAWAII HARLEQUINS 2004

LOOKING FOR A CHALLENGE?

Wisconsin Rugby Football Union, American Rugby Outfitters, and Michelob Amber Bock are proud to present:

"Wisconsin Tournament MVP Tour - 2004"

The purpose of this program is to name both a male and female in each competitive division as the most valuable player of selected Wisconsin tournaments. This tour was created to elevate the level of play and provide tournament participants with a competitive goal to strive for throughout the summer season. All participants entered in each tournament are eligible for the Tournament MVP competition.

Highlights of this tour include:

- Selection made by competitive player panel
- Panel considers tournament performance only
- Selection meeting held at tournament conclusion
 - Selection made by panel majority vote
- Panel consists of reps from each club entered
- Awards given to male and female in each division
- Awards provided by Michelob Amber Bock and ARO

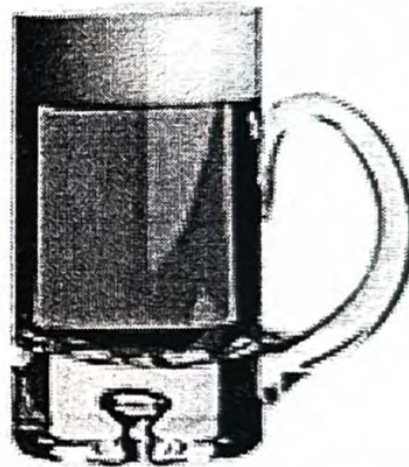

THE MVP TOUR LINEUP INCLUDES THE FOLLOWING TOURNAMENTS (MORE TO COME!!)

- 1) Lakefront 7's - June 26 - Milwaukee, WI
- 2) Marquette Mid-Summer 7's - July 24th - Milwaukee, WI
- 3) Stuart Daily Memorial X's - August 21 - Madison, WI

2024 S. 55 • Milwaukee

BACKS the group of players normally numbered 9 through 15 who do not participate in scrums and lineouts, except for the scrumhalf.

CAPTAIN the player selected to guide a team on the pitch during a match.

CONVERSION KICK a kick at the posts after the awarding of a try scoring two points if successful. The kick must be attempted directly

EAGLES the national team of the United States of America.

ELLIS, WILLIAM WEBB- the person, as a student at Rugby School, credited with inspiring the modern game of rugby football in 1823. He later became a priest and passed away in Southern France.

FIFTEENS- the name of the most common game of rugby union featuring 15 total players per side. Each team consists of 8 forwards and 7 backs playing two halves each 40 minutes long.

FORWARD PASS- an illegal pass to a player ahead of the ball causing the ball to be awarded to the other team in a scrum.

FORWARDS- the group of players normally numbered 1 through 8 who bind together into scrums, lineup for lineouts, and commit themselves to most rucks and mauls.

HOKER- the frontrow forward wearing no. 2. The player is supported on either side in the scrum by props and is required to gain possession of the ball in the scrum by hooking or blocking the ball with one of his/her feet.

INJURY TIME- during a half, the clock is stopped by the referee while any injury is attended to.

IRFB- the International Rugby Football Board. The IRFB is the ruling body for

Rugby Union worldwide and has primary responsibility for setting and adjusting the laws of the sport.

KLOIBER, JOE- Lakefront Sevens Tournament Director and one heck of a guy.

KNOCK ON- losing, dropping, or knocking the ball forward from the players hand resulting in the ball being awarded to the other team in a scrum.

KNOCK FORWARD- same as Knock On.

LINEOUT- the set play restarting play after the ball has been taken out or kicked to touch. Both sets of forwards will line up opposite each other with the throwing side calling the play. The throw must be directly down the middle of the two lines.

MAUL- typically after a runner has come into contact and the ball is still being held by a player once any combination of at least three players have bound themselves. The difference from a ruck is that the ball is not on the ground.

OFFSIDES- during rucks, scrums, lineouts, mauls and imaginary line is present over which any player crossing before the set piece is completed commits a penalty.

PENALTY KICK- an uncontested kick awarded to a team for a major infraction by the other team. The kick can be taken directly at goal and scores 3 points if successful.

RUCK- typically after a runner has come into contact and the ball is delivered to the ground once any combination of at least 3 players have bound themselves a ruck as been set. The primary difference from a maul is that the ball is on the ground.

RUGBY- a football game in which the ball is kicked or carried forward down a field to score points either by touching the ball down beyond a tryline or kicking the ball through posts. The primary rule governing the game is that no pass to a player forward of the ball is allowed.

SCRUM- the formation used in the set play restarting play after a knock-on or forward pass. The forwards from each side bind together and then the two packs come together to allow the scrumhalf with the feed to deliver the ball to the scrum. A scrum can also be awarded or chosen in different circumstances by the referee.

SEVENS- a form of Rugby Union invented in Scotland and played with only seven total players. Each half of play lasts 7 minutes, but can be longer.

TOUCH JUDGE- an official posted on each side of the pitch to mark the spot where balls go out of touch and to judge kicks at goal.

TRY- a score of 5 points awarded when the ball is carried or kicked across the tryline and touched down to the ground by a player.

TRYLINE- the goal line extending across the pitch.

UP AND UNDER- a tactical kick which is popped very high and shallow allowing the kicker and supporting players to easily run underneath it for recovery. The kick is intended to put heavy pressure on any opposition player attempting to catch the ball.
